Experiences

Hacktoberfest - 2022   **October 1 – October 31**
Contributor
- Hacktoberfest is a month-long celebration of open source software, run by DigitalOcean and open to everyone in our global community.
- Hacktoberfest is an annual worldwide event held during the month of October. The event encourages open source developers to contribute to repositories through pull requests (PR).
- During this event, everyone can support open source by contributing changes and earning a unique digital reward.

Google Cloud Arcade(Qwiklabs) - 2022   **September – March**
Participator
- The Arcade offers introductory and more advanced games based on labs to help improve your cloud skills. These are no-cost, with different topics featured each month.
- Each eligible game or trivia badge you earn grants you one Arcade point. These eligible games and trivia badges can be found on the Arcade page. It's important to note that points do have an expiration date and will expire after six months and cannot be used to claim prizes in the next prize counter.
- The Arcade to learn about data analysis and serverless technology — no prior experience needed.

Intern at CodSoft   **August 2023 – September 2023**
Front End Web Developer Intern
- Developed proficiency in front-end technologies such as HTML, CSS, and JavaScript.
- Gained hands-on experience with popular web development frameworks and libraries.
- Designed and implemented responsive web pages, ensuring a seamless user experience across various devices.

Personal Projects

Portfolio Website / *HTML, CSS, JAVASCRIPT*   **March 2023**
- Personal Portfolio is like an evergreen platform for our projects, case studies, and information about us.
- A portfolio is a compilation of academic and professional materials that exemplifies your beliefs, skills, qualifications, education, training, and experiences.
- Link:: https://sushmajyoti2022.github.io/My_Portfolio/
